713-466-3962 • 888-830-3962

### Heavy Duty Model (4500-6500 Lbs. Capacity)

All Heavy Duty model **Hippo Hoppers** are constructed from 7 Gauge Carbon Steel and are watertight boxes with 1/4" formed steel base angle iron top rail and supports. The **Hippo Hoppers** has two piece structural rocker that is designed to allow the hopper to roll forward for a complete dump and then roll back to an upright locked position after dumping (the fewer parts, the fewer problems). Each hopper is also equipped with a pull-down handle, making the hopper easier and safer to dump. Standard finish on all hoppers includes gray industrial paint (optional colors, powder coating, galvanizing steel and stainless steel also available).

MODEL  
HH16

- Big and Easy pull-down handle release- **Safe & Easy**
- Drain plug standard on all hopper- **No extra Charge**
- Laser cut "Rockin'Roller" design- **Zero maintenance**
- Heavy Duty 1/4" formed steel base
- Water tight welded container boxes

MODEL	SIZE	Weight	L	W	H	LH
