Monkey Box (Rotator Box)

The Monkey Box is designed for the collection and storage of scrap and bulk material. It also has the added ability to be stacked when full and dumped using a forklift equipped with fork rotating attachment. The heavy duty 6500 lbs. capacity box is available in 2, 2.5, 3.5 4, 4.5 and 5 cubic yard models. Along with these standard boxes we can custom design and build a box to meet your specific application. Our standard model has 2-way entry channel with 4-way entry option available and the following upgrades casters, lids, lifting eyes and option paint colors. Standard heavy duty model includes following construction features:

- Water Tight, All Welded Carbon Steel Box With Drain Plug
- Standard paint Industrial gray enamel, with optional colors available
- 3" x1/4 channel top rail and side rail supports
- Channel base with fork pockets on long side of box • 12 ga. Sides
- 7 gauge Bottom
- Call for custom sizes.
